SUMMARY

Result-orientated Project Coordinator with nearly 3 years of experience covering project management lifecycle, planning, developing, implementing and supporting IT Network infrastructure teams in AMER, EMEA and some of APAC. A fast and eager learner, I am detail oriented and able to adapt to changing project requirements quickly to meet business goals.

PROFESSIONAL EXPERIENCE

Risk Analyst

SeQura

📅 01/2023 - Present 📍 Barcelona, Spain

I do daily Data Analysis and Risk Management, in order to come up with patterns to make decisions based on the company Risk Tolerance.

- I am the only member of Risk Team in charge of an emerging market being explored carefully and with constant process adaptation
- In contact with end-users as much as needed in order to get their feedback on time and help them try our solution.

Project Coordinator

Colt Technology Services

📅 01/2019 - 03/2022 📍 Barcelona, Spain

Colt is a Network infrastructure company, offering data center services and other tech services

- In charge of Network Infrastructure installation projects and network expansion, dealing with technical issues that can occur during the project lifecycle that can put us out of the critical path.
- Monitoring installation steps with specialist teams, during each and every step to meet the promised delivery date and avoid delays.
- Solutions proposed in case technology change is required during installation.
- Weekly updates with involved parties and stakeholders.

Service Desk Analyst

PageGroup

📅 09/2017 - 12/2019 📍 Barcelona, Spain

PageGroup is a recruiting company that hires over 9.000 a year, executives, engineers and others.

- Dealing with end user's issues, issues related to Microsoft Office, Office 365, Windows XP, Customer requests, Identity management through Active Directory updates/changes.

Service Desk Analyst

Computacenter

📅 02/2011 - 08/2017 📍 Barcelona, Spain

Computacenter is an IT infrastructure services firm that offers security solutions, cloud services, datacenter and others

- Dealing with remote access issues and application virtualization, Citrix XenApp and receiver, as well as issues related to the hosted apps for 8 big clients as Shared Services Specialist (Airbus, General Electric, Sanofi Pasteur, Barclays, BMW, Emery Oleo chemicals) and others.
